

# DECLARATION ON OXO-DEGRADABLE

## Identity and trade name of the article(s): Trifilon BioLite, Trifilon Switch and Trifilon Revo

Reference is made to the EU Directive 2019/904 of the European parliament and the council of 5 June 2019 on the reduction of the impact of certain plastic products on the environment.

Given the definitions in above mentioned regulation, Trifilon does not use oxo-degradable plastics in the production of its Trifilon BioLite, Trifilon Switch and Trifilon Revo grades of biocomposite materials.

More specifically:

- no oxo-degradable additives, compounds, fillers or masterbatches are used in the production of the above mentioned Trifilon materials.
- no oxo-degradable additives are used in the processing or sizing of Trifilon's hemp fibers.

This declaration of conformity is issued under the sole responsibility of Trifilon AB (publ). The technical documentation for the described products is available at below address.

Signed for and behalf of Trifilon AB:  
Date & Place: 2020-08-28, Nyköping

A handwritten signature in blue ink, appearing to read "Johan Thiel", written over a horizontal line. The signature is stylized and cursive.
